Reflections

All that philosophers have sought,
Science discovered, genius wrought,
All that Reflective memory stores,
Or rich imagination pours,

All that the wit of man conceives,
All that he wishes, hopes, believes,
All that he loves or fears, or hates,
All that to heaven & earth relates,

-These are the lessons that I teach.

Reflections

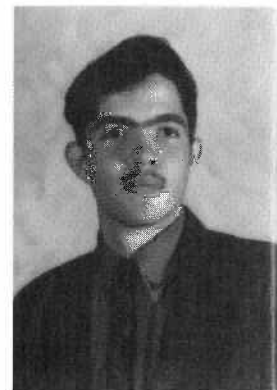

What was new in '92

I think 1992 was the year in education because I learned that education is the only way to go. It's almost a sure bet that if I get an education I can get a decent job that pays well.

Joy, laughter, and happiness shared with friends; our happiness was torn apart, but not completely lost when they moved.

We'll never forget the first time I made the Honor Roll. I was so excited and my parents and teachers were so proud of me. I'll never forget Karlsruhe High School. I think I owe a lot to the teachers that taught me and helped me make the Honor Roll
